

Obelisk: Wire Transfer Instructions

- Please include your order number in the Memo/Reference field – this is the only way we can identify your transaction! It is ok to leave out the hyphen.
- Please send the purchase amount in USD.
- Please make sure you send a wire transfer, NOT an ACH payment.
- International wire transfer instructions are on the second page of the document.
- For international wire transfers, please make sure you include both the intermediary bank AND receiving bank. You may need to call your bank or go into your bank in order to do this. Not all online forms have this as a standard option.
- Please email any questions to hello@obelisk.tech.
